III. Financial position

(I) Assets

By the end of 2022, the Company's assets totaled RMB44,925.4912 million, an increase of RMB4,637.0222 million and up 11.51% compared to the beginning of 2022. Current assets were valued at RMB18,942.9808 million, occupying 42.17% of the total assets, a decrease of RMB34.7325 million and dipping 0.18% compared with the beginning of 2022; non-current assets at RMB25,982.5104, occupying 57.83% of the total assets, an increase of RMB4,671.7547 million and up 21.92% compared with the beginning of 2022. Below is the breakdown.

1. Monetary funds at the end of the Period amounted to RMB4,742.2654 million, a decrease of RMB4,552.6959 million and down 48.98% from RMB9,294.9614 million at the beginning of 2022, mainly because efforts to expand the production capacity of the anode material and polarizer business ramped up expenditures on house construction and procurement of machinery equipment during the Reporting Period; and at the same time, the Company repaid part of its loans and paid for the second phase of the LG Chem's polariser business.

2. Accounts receivable financing at the end of the Period amounted to RMB512.2498 million, a decrease of RMB132.3021 million and down 20.53% from RMB644.552 million at the beginning of 2022.

3. Accounts receivables at the end of the Period amounted to RMB4,694.9744 million, an increase of RMB735.574 million and up 18.58% from RMB3,959.4004 million at the beginning of 2022.

4. Notes receivable at the end of the Period amounted to RMB227.8331 million, an increase of RMB193.167 million and up 557.22% from RMB34.6661 million at the beginning of 2022, mainly due to the higher usage of notes as a result of a hike in sales of anode materials during the Reporting Period.

5. Prepayments at the end of the Period amounted to RMB1,391.7165 million, an increase of RMB554.4829 million and up 66.23% from RMB837.2336 at the beginning of 2022, mainly due to the advance payment made by the anode material business to lock the graphitization supplier's capacity and raw material supply during the Reporting Period.

6. Other receivables at the end of the Period amounted to RMB497.2736 million yuan, an increase of RMB150.3148 million and up 43.32% from RMB346.9589 at the beginning of 2022, mainly because during the Reporting Period, the Company had a receivable of RMB 130 million from the transfer of its wholly-owned subsidiary Hunan Yongshan.

7. Assets held for sales at the end of the Period amounted to RMB1,316.8644 million, mainly because the Equity Transfer Agreement of Quzhou Shanshan electrolyte has been signed during the Reporting Period, and its assets have been transferred to the assets held for sale account.

8. Inventories at the end of the Period amounted to RMB5,029.8442, an increase of RMB1,986.8147 million and up 65.29% from RMB3,043.0296 million at the beginning of 2022, mainly due to expanded capacity and sales hike in the lithium-ion battery anode material business.

9. Other current assets at the end of the Period amounted to RMB483.3270 million, a decrease of RMB275.3194 million and down 36.29% from RMB758.6464 million at the beginning of 2022, mainly because the polariser business VAT credit rebate and export tax rebate during the Reporting Period reduced the retained input tax reduction at the end of the Period.

10. Other non-current assets due within one year at the end of the Period

amounted to RMB46.6322 million, a decrease of RMB11.6328 million and down 19.97% from RMB58.2650 million at the beginning of 2022.

11. Long-term receivables at the end of the Period were null compared with RMB33.1969 million at the beginning of 2022, mainly because the subsidiary's long-term receivables were transferred to the long-term receivables due within one year during the Reporting Period, and the Yunshan business segment quit the merger.

12. Long-term equity investments at the end of the Period amounted to RMB6,917.1087 million, up 9.35% from RMB6,325.3889 million at the beginning of 2022.

13. Other equity instrument investments at the end of the Period amounted to RMB749.4146 million, a decrease of RMB169.2449 million and down 18.42% from RMB918.6594 million at the beginning of 2022.

14. Book value of construction in progress at the end of the Period amounted to RMB4,947.1874 million, an increase of RMB2,924.846 million and up 144.63% from RMB2,022.3414 million at the beginning of 2022, mainly due to new investment in the construction and expansion projects of the anode material and polarizer business during the Reporting Period.

17. Right-to-use assets at the end of the Period amounted to RMB1,624.8546 million, an increase of RMB266.775 million and up 19.64% from RMB1,358.0796 million at the beginning of 2022.

18. Book value of intangible assets at the end of the Period amounted to RMB1,757.9364 million, an increase of RMB130.8452 million and up 8.04% from RMB1,627.0911 million at the beginning of 2022.

19. Goodwill at the end of the Period amounted to RMB1,007.2799 million, an increase of RMB92.6657 million and up 10.13% from RMB914.6141 million at the beginning of 2022.

20. Long-term unamortized expenses at the end of the Period amounted to RMB133.3845 million, an increase of RMB30.3437 million and up 29.45% from RMB103.0408 at the beginning of 2022.

21. Deferred income tax assets at the end of the Period amounted to RMB134.9427 million, a decrease of RMB105.3826 million and down 43.85% from RMB240.3253 million at the beginning of 2022, mainly because the subsidiary deducted the full amount of newly acquired research and development equipment, etc. for the polariser and anode business at one time when calculating taxable incomes in the Reporting Period, and included the newly acquired equipment and apparatus under RMB5 million in costs and expenses at one time in accordance with the taxation document ([2018] No. 54), which increased the deferred income tax liabilities; The deduction for the deferred income tax assets under the circumstance that the income tax was levied by the same taxation authority on the same taxable entity decreased the deferred income tax assets.

22. Other non-current assets at the end of the Period amounted to RMB161.0954 million, a decrease of RMB40.9586 million from RMB202.054 million at the beginning of 2022.

(II) Liabilities

By the end of 2022, the Company's liabilities totaled RMB20,795.3767 million, a decrease of RMB14,300 compared with that at the beginning of 2022. Current liabilities amounted to RMB12,899.4427 million, occupying 62.03% of the total liabilities, a decrease of RMB409.3515 million and down 3.08% compared with that at the beginning of 2022; non-current liabilities RMB7,895.9339 million, occupying 37.97% of the total liabilities, an increase of RMB266.6337 million and up 3.49% compared with that at the beginning of 2022. Below is the breakdown.

1. Advances from customers at the end of the Period amounted to RMB100.1963 million, an increase of RMB99.1034 million and up 9,068.07% from RMB1.0929 million at the beginning of 2022, mainly due to the receipt of advance proceeds from equity transfer of RMB100 million from Quzhou Shanshan during the Reporting Period.

2. Short-term borrowings at the end of the Period amounted to RMB3,928.472 million, a decrease of RMB410.6103 million and down 9.64% from RMB4,339.0823 million at the beginning of 2022.

3. Contract liabilities at the end of the Period amounted to RMB60.8151 million,

down 45.84% from RMB112.2777 million at the beginning of 2022, mainly because part of customers in the Company's lithium battery and solar energy segments made advance payments, and the subsidiary, Hunan Yongshan and the Yunshan segment were excluded in the scope of consolidation during the Reporting Period.

4.Accounts payable at the end of the Period amounted to RMB3,149.272 million, an increase of RMB827.9349 million and up 35.67% from RMB2,321.3371 million at the beginning of 2022, mainly because foreign suppliers of raw materials for polariser business began to provide open-account terms during the Reporting Period, resulting in an increase in payables.

5.Notes payable at the end of the Period amounted to RMB2,039.7587 million, up 63.17% from RMB1,250.063 million at the beginning of 2022, mainly due to sales hike in anode materials business and increases in settlement with notes during the Reporting Period.

6.Tax payable at the end of the Period amounted to RMB296.4187 million, a decrease of RMB426.4187 million and down 58.99% from RMB722.8375 million at the beginning of 2022, mainly the income tax of the equity transfer of Shanshan Energy in 2021 was paid during the Reporting Period.

7.Other payables at the end of the Period amounted to RMB753.0015 million, an increase of RMB162.778 million and up 27.58% from RMB590.2235 million at the beginning of 2022.

8.Payroll payable at the end of the Period amounted to RMB153.3682 million, a decrease of RMB42.2897 million and down 21.61% from RMB195.6579 million at the beginning of 2022.

9.Held-for-sales liabilities at the end of the Period amounted to RMB400.3174 million, an increase of RMB400.3174 million compared with that at the beginning of 2022, mainly because the Equity Transfer Agreement of Quzhou Shanshan has been signed during the Reporting Period, and its liabilities have been transferred to the liabilities held for sale account.

10.Non-current liabilities due within one year at the end of the Period amounted to RMB1,904.0532 million, a decrease of RMB1,719.4966 million and down 47.45% from RMB3,623.5497 million at the beginning of 2022, mainly because the Company repaid long-term loans due within one year of RMB2.046 billion during the Reporting Period.

11.Other current liabilities at the end of the Period amounted to RMB113.7697

million, a decrease of RMB38.9028 million and down 25.48% from RMB152.6726 million at the beginning of 2022.

12. Long-term borrowings at the end of the Period amounted to RMB4,176.0856 million, an increase of RMB806.1269 million and up 23.92% from RMB3,369.9588 million at the beginning of 2022.

13. Long-term payables at the end of the Period amounted to RMB1,816.1088 million, a decrease of RMB513.1248 million and down 22.03% from RMB2,329.2335 at the beginning of 2022.

14. Lease liabilities at the end of the Period amounted to RMB1,136.9323 million, an increase of RMB27.8658 million and up 2.51% from RMB1,109.0665 million at the beginning of 2022.

15. Estimated liabilities at the end of the Period amounted to RMB62.7066 million, an increase of RMB31.3908 million and up 100.24% from RMB31.3157 million at the beginning of 2022, mainly because the polarizer business withheld the quality guarantee deposit of polarizer products during the Reporting Period.

16. Deferred income at the end of the Period amounted to RMB366.7764 million, a decrease of RMB42.8779 million and down 10.47% from RMB409.6543 million at the beginning of 2022.

17. Deferred income tax liabilities at the end of the Period amounted to RMB337.3242 million, a decrease of RMB42.7471 million and down 11.25% from RMB380.0713 million at the beginning of 2022, mainly because the subsidiaries are eligible for additional deduction at one time in regard to equipment, increases in taxable difference as well as deferred income tax assets for the same single taxpayer.

(III) Owners' equity

By the end of 2022, the Company's owners' equity totaled RMB24,130.1145 million, occupying 53.71% of the total assets, an increase of RMB4,779.74 million and up 24.70% from RMB19,350.3745 million at the beginning of 2022. Below is the breakdown.

1. Share capital at the end of the Period amounted to RMB2,263.9734 million, an increase of RMB121.0534 million and up 5.65% from RMB2,142.9199 at the beginning of 2022.

2. Capital reserves at the end of the Period amounted to RMB9,131.3206 million, an increase of RMB2,653.5296 million and up 40.96% from RMB6,477.791 million at the beginning of 2022. The main reason is that the Company's capital increase and

equity incentive during the Reporting Period resulted in an equity premium of RMB2.669 billion.

3. Other comprehensive income at the end of the Period amounted to RMB-150.8199 million, a decrease of RMB119.1402 million and down 376.08% from RMB-31.6797 million at the beginning of 2022, mainly due to changes in fair values of the Luoyang Molybdenum stock of the Company during the Reporting Period.

4. Surplus reserves at the end of the Period amounted to RMB292.8019 million, an increase of RMB39.0857 million and up 15.41% from RMB253.7162 million at the beginning of 2022.

5. Special reserves at the end of the Period amounted to RMB2.1409 million, a decrease of RMB166,800 and down 7.23% from RMB2.3077 million at the beginning of 2022.

6. Undistributed profits at the end of the Period amounted to RMB12,028.6463 million, an increase of RMB1,945.32 million and up 19.29% from RMB10,083.3264 million at the beginning of 2022.

7. Minority interests at the end of the Period amounted to RMB1,076.7726 million, an increase of RMB654.7796 million and up 155.16% from RMB421.9931 million at the beginning of 2022. It is mainly due to the introduction of strategic cooperation in the anode materials business during the Reporting Period.

(IV) Cash flows

The Company's cash and cash equivalents at the end of the Period amounted to RMB3,911.178 million, a decrease of RMB4,767.6041 million and down 54.93% from RMB8,678.7821 in the same period last year. Below is the breakdown.

1. Net cash flows from operating activities amounted to RMB506.4977 million, up from RMB-364.4951 million in the same period last year, mainly because in February 2021, the Company completed the equity acquisition of polarizer, and due to the low level of raw material inventory before delivery, the Company properly supplemented the raw material inventory after completion of delivery, which increased the demand for operating cash in the polariser business in 2021. Meanwhile, during the Reporting Period, the polariser business developed steadily, the customer mix was good, the payment collection was stable, the inventory was maintained at a reasonable level to meet the Company operations, and the operating cash inflow was good.

2. Net cash flows from investing activities amounted to RMB-4,949.148 million, down from RMB-3,540.264 million in the same period last year, mainly because the cash paid for the expansion of anode material business capacity and the purchase and construction of fixed assets and projects under construction during the Reporting Period increased compared with the same period last year.

3. Net cash flows from financing activities amounted to RMB-328.9493 million, down from RMB10,047.3712 at the end of the Period last year, mainly due to the reduction in bank loans of RMB1.447 billion by the Company during the Reporting Period, but the Company saw a net addition in bank loans of RMB5.335 billion in the same period last year.

Please vote after deliberation.

4. Proposal on the 2022 Annual Profit Distribution Plan

According to the audit of BDO China Shu Lun Pan Certified Public Accountants LLP, as of 31 December 2022, the parent company's profit available for distribution at the end of the period was RMB3,450,687,783.57. The Company intends to distribute profits in 2022 based on the shares to be distributed (after deducting the special repurchase accounts' shares of the Company from total share capital) registered on the record date for the implementation of equity distribution. The proposal of profit appropriation is as follows:

The Company intends to distribute a cash dividend of RMB3.00 (tax inclusive) per 10 shares to all shareholders. As of the date when the Board of Directors considers the proposal of profit appropriation, the cash dividend to be dispatched by the Company totals RMB671,354,367.30 (tax inclusive) based on the 2,237,847,891 shares to be dispatched by the Company (2,263,973,358 total share capital and 26,125,467 shares in the specific accounts for repurchase of the Company). There will be no transfer from the capital reserve to share capital in this year.

The shares held by the Company in the accounts specific for repurchase will not be included in the extent of the profit attribution, and the Company will disclose the particular number of shares with profit attribution in the announcement of the implementation of equity distribution. If changes in the total share capital or the shares to be distributed of the Company occur during the period commencing from the disclosure date of this proposal to the record date of the implementation of equity distribution due to share repurchase, repurchase or cancellation of shares granted under share incentives and the like, the Company proposes that the distribution proportion of each share will remain the same, and the aggregate amount of distribution will be adjusted accordingly. The details will be disclosed in the announcement of the implementation of equity distribution.

For details, please refer to Announcement on the 2022 Annual Profit Distribution Plan disclosed on the Company's website on April 20, 2023.
